09 WAVERUNNERS®

BUILT FOR A LIFETIME. DESIGNED FOR THE MOMENT.

The rush that comes from being on a Yamaha WaveRunner® is unlike any other personal watercraft. It's not just the thrill of acceleration. It's the momentum created by a half-century of marine innovation, brought to life with the squeeze of a throttle. It's 50 years building and riding watercraft, expressed through sleek lines and firing pistons, chrome accents and nanotechnology, superchargers and fuel-efficient engine designs. It's an unmistakable feeling that can never be emulated by anyone else. A distinctive ride that continues to widen the gap between Yamaha and everyone else.

IT TAKES MORE THAN VISION
TO SEE WHAT'S AHEAD. IT TAKES INSIGHT.

With each new generation of WaveRunners®, Yamaha is committed to delivering even more power, greater comfort and the most advanced technology available. That dedication is evident in every feature, every WaveRunner, every year. Each feature is a demonstration of Yamaha's marine experience, a symbol of Yamaha's profound understanding of watercraft and the epitome of the absolute latest in watercraft design.

TELESCOPIC STEERING

The only one of its kind, a breakthrough Telescopic Steering column adjusts to provide three distinct riding positions – making Yamaha's FZ series the first-ever sit-down watercraft specifically designed for stand-up riding.

CRUISE ASSIST / NO WAKE MODE™

While it takes power and drive to lead the industry, it only takes a button to stay there. Yamaha's introduction of the electronic throttle made it possible to create the industry's first Cruise Assist feature and the industry's only No Wake Mode feature – each designed to enhance comfort and convenience with the push of a button.

NANOXCEL™ HULL+DECK

With the creation of a proprietary NanoXcel material, Yamaha forever altered the face of watercraft design. Engineered through nanotechnology, this revolutionary hull material is both incredibly strong and exceptionally lightweight. The improved power-to-weight ratio of the NanoXcel models creates phenomenal acceleration and the most responsive, nimble ride on the water.

INSTRUMENTATION

Providing essential information at a glance, WaveRunners feature a full dash with a fuel gauge plus speed and RPM instrumentation. Yamaha's FX Cruiser SHO® exemplifies the height of Yamaha's thoughtful design, offering air and water temperature displays, a compass and a fuel consumption display. Most WaveRunners are also equipped with a remote transmitter to engage Security Mode and Low RPM Mode.™ Indicated by a light on the dash, the activation of Low RPM Mode can reduce fuel consumption by up to 26 percent.

SUPERCHARGED SHO® ENGINE

Yamaha's 1.8 liter, 1812cc, supercharged, intercooled SHO engine is the largest displacement engine ever created for a personal watercraft. Nearly 300cc's larger, yet 45 pounds lighter than competitive models, Yamaha's SHO engine delivers astounding acceleration and top speed.

CRUISER® SEAT

With the invention of an ergonomic Cruiser seat, Yamaha took an innovative design and turned it into an exceedingly more comfortable style of riding – changing more than just the shape of the WaveRunner, but also the way people experienced it.

FUEL EFFICIENCY

Yamaha's affordable VX® series continues to lead the industry in fuel economy. A commitment that extends across the lineup, Yamaha's four-stroke marine engines have always been optimized to run on the least expensive regular unleaded fuel. What's more, the SHO engine is the only engine in the high-performance category built to run on 87-octane fuel.

MODEL	AVG. GALLONS PER HOUR
VX® Deluxe	5.5 GPH
Kawasaki 15F	6.95 GPH
Sea-Doo GTI 130	7.8 GPH

FIT+FINISH

As the only PWC manufacturer with full-scale high-compression molding capabilities, every Yamaha hull and deck is constructed to exact tolerances, maximizing strength and durability. A scratch-resistant black hull helps maintain the pristine exterior, while bold graphics and metallic paints add to the immaculate appeal – creating a quality fit and finish that reaffirms Yamaha's unfailing commitment to every detail.

REVOLUTIONARY Agile and aggressive, the new FZR evokes Yamaha's world-championship racing heritage, while ushering in a new era of high-performance watercraft design. Built specifically to accommodate stand-up riding, the FZR introduces a new state-of-the-art NanoXcel™ hull that bonds man with machine like never before. Delivering unequalled high-speed cornering control, exceptional balance and extraordinary edge-holding capabilities, the FZR maneuvers as if it were an extension of the driver.

FZR™

Starting at \$12,599

Price does not include prep, freight or tax.

QUICK SHIFT TRIM SYSTEM

Yamaha's grip-mounted trim system can be adjusted quickly when riding to dial in the handling even further for tighter turns and maximum agility.

RACE-INSPIRED HULL

An all-new performance-oriented NanoXcel™ hull delivers supreme edge-to-edge inside lean handling and unprecedented predictability – creating the perfect balance of nimbleness and maneuverability.

INSTRUMENTATION

Two large analog dials reveal the FZR's racing spirit – giving speed and RPM readouts at a glance.

TELESCOPIC STEERING

Offering three distinct riding positions, the Telescopic Steering column caters to a style of stand-up riding natural to extreme athletes while providing an intense, low position that gets the driver even closer to the action.

HULL+DECK

Newly Designed Performance Driven Hull and Deck featuring NanoXcel™
 1-2 persons
 18.5 gallons fuel capacity
 21.3 gallons of storage

ENGINE

Supercharged 4-cylinder, 4-stroke 1812cc High Output Marine Engine
 1.8 Liter, Intercooled
 155mm High-pressure Pump
 Electronic Fuel Injection

FEATURES

Telescopic Steering for Stand-up Riding
 Dual Analog Meter
 Remote Transmitter
 Security Mode
 Quick Shift Trim System
 Watertight Storage Under Seat

FZS™

Starting at \$12,899

Price does not include prep, freight or tax.

INTENSE With its revolutionary hull design and stand-up riding capabilities, the FZS sends a ripple through the industry that will be felt for years to come. Distinguished by its incredible high-speed handling, the FZS combines remarkably tight turning with an edge-to-edge inside lean character for a ride that is as exciting as it is precise. The FZS also features an extended seat for multiple passengers and the option to tow.

HULL+DECK

Newly Designed Performance Driven Hull and Deck featuring NanoXcel™
1-3 persons
18.5 gallons fuel capacity
21.3 gallons of storage

ENGINE

Supercharged 4-cylinder, 4-stroke 1812cc High Output Marine Engine
1.8 Liter, Intercooled
155mm High-pressure Pump
Electronic Fuel Injection

FEATURES

Telescopic Steering for Stand-up Riding
Dual Analog Meter
Remote Transmitter
Security Mode
Reboarding Step
Extended Seat

TELESCOPIC STEERING

A Telescopic Steering column adjusts to offer three different riding styles – an extreme low position, seated and an aggressive stand-up stance.

SUPERCHARGED SHO® ENGINE

Proudly boasting a four-cylinder, 1.8 liter, 1812cc, supercharged, intercooled SHO engine, the FZS is able to accelerate from 0-30 in less than two seconds.

Speed attained depends on a variety of factors including onboard weight, pwc maintenance, operator skill, and water conditions.

REBOARDING STEP

The FZS also includes a reboarding step, making it easy to climb back onboard – should the inclination to stop for a swim ever strike.

REMOTE TRANSMITTER

A remote transmitter makes it easy to engage Security Mode, disabling the ignition when the WaveRunner® is left unattended.

COMMANDING Heralded as the most award-winning personal watercraft of all time, the FX SHO pairs the massive torque of the industry's largest engine with the responsive ride of a NanoXcel™ hull and deck. Possessing an undeniably confident design that allows for supreme stability and unmatched power when offshore riding, the FX SHO begs the question – is it still considered a race if no one else can keep up?

FX SHO®

Starting at \$12,599

Price does not include prep, freight or tax.

ADJUSTABLE STEERING

Using a lever on the steering column, the handlebars can be tilted to best fit the driver.

CRUISE ASSIST/NO WAKE MODE™

With the push of a button, Cruise Assist holds an optimum speed for fluid, consistent towing. With the push of another button, No Wake Mode makes navigating through controlled areas effortless.

WATERTIGHT STORAGE

With more than 23 gallons of storage, including a watertight bin, the FX SHO offers plenty of room to securely house gear.

QUICK SHIFT TRIM SYSTEM

Easily modified when riding, the quick shift trim system adjusts to suit the driver's riding style and to provide added stability in choppy water.

HULL+DECK

Low RPM Mode™

FX[®] HO

Starting at \$11,399

Price does not include prep, freight or tax.

DYNAMIC The new FX HO proudly bears a badge of power that other watercraft have yet to earn. With an ultra-lightweight design and the unmatched power of a fuel-efficient 1.8 liter, 1812cc normally aspirated High Output engine, the FX HO redefines the high performance category – pairing unrivaled power with an incomparable price.

HULL+DECK

NanoXcel™ Hull and Deck
1-3 persons
18.5 gallons fuel capacity
23.7 gallons of storage

ENGINE

4-cylinder, 4-stroke, 1812cc
High Output Marine Engine
1.8 Liter
155mm High-pressure Pump
Electronic Fuel Injection

FEATURES

Cruise Assist
No Wake Mode™
Remote Transmitter
Security Mode
Low RPM Mode™

REMOTE TRANSMITTER

Both set using Yamaha's remote transmitter, Low RPM Mode governs the RPM level for maximum fuel efficiency, while Security Mode protects the WaveRunner® from unauthorized startups.

REVERSE

By limiting the RPMs, reverse with traction control enhances low speed maneuverability – reducing cavitation for effortless docking and launching.

CRUISE ASSIST/NO WAKE MODE™

Cruise Assist allows for steady towing and simple speed adjustments with the push of a button. And No Wake Mode regulates RPMs for superior low-speed maneuverability.

NANOXCEL™ HULL+DECK

The incorporation of a durable, ultra-lightweight NanoXcel hull and deck makes the new FX HO 25 percent lighter than previous models – allowing for extraordinary acceleration and top speed.

PLUSH To say no other luxury watercraft can compare to Yamaha's FX Cruiser SHO isn't an exaggeration – it's a fact. Earning the watercraft industry's highest honor, Watercraft World's® 2008 Watercraft of the Year, the FX Cruiser SHO combines Yamaha's luxurious Cruiser® seat with an amenity-rich layout and a nimble NanoXcel™ hull and deck – seamlessly melding intelligent design with indulgent performance.

FX CRUISER SHO®

Starting at \$13,199

Price does not include prep, freight or tax.

ADJUSTABLE STEERING

The steering column of the FX Cruiser SHO can be adjusted to an appropriate height – reducing arm fatigue for additional comfort.

CRUISE ASSIST/NO WAKE MODE™

Setting a constant engine speed, Cruise Assist minimizes throttle tension for long afternoons of cruising. And No Wake Mode makes it easy to sustain a consistent speed in no wake zones.

SUPERCHARGED SHO® ENGINE

The powerful 1.8 liter, 1812cc, supercharged, intercooled SHO engine delivers split-second acceleration and exceptional top speed – increasing Yamaha's ever-widening lead over the competition.

REMOTE TRANSMITTER

Activated with a remote transmitter, Low RPM Mode™ sets the RPMs for maximum fuel efficiency – allowing WaveRunners® to go 20 percent farther on a tank of gas.

HULL+DECK

NanoXcel™ Hull and Deck
1-3 persons
18.5 gallons fuel capacity
23.7 gallons of storage

FX CRUISER® HO

Starting at \$11,899

Price does not include prep, freight or tax.

REFINED The ultimate fusion of the legendary and the latest, the all-new FX Cruiser HO joins celebrated Yamaha craftsmanship and revolutionary watercraft design. Pairing the renowned comfort of Yamaha's Cruiser® seat and raised handlebars with a pristine new NanoXcel™ hull and deck, the FX Cruiser HO is a watercraft that is as forward-thinking as it is laid-back.

HULL+DECK

NanoXcel™ Hull and Deck
1-3 persons
18.5 gallons fuel capacity
23.7 gallons of storage

ENGINE

4-cylinder, 4-stroke,
1812cc High Output Marine Engine
1.8 Liter
155mm High-pressure Pump
Electronic Fuel Injection

FEATURES

Cruise Assist
No Wake Mode™
Remote Transmitter
Security Mode
Low RPM Mode™
Cruiser® Seat

CRUISE ASSIST/NO WAKE MODE™

By setting a consistent engine speed, Cruise Assist reduces throttle fatigue – making long tours more comfortable, while No Wake Mode caps the engine's RPMs at approximately five miles per hour for navigation in controlled zones.

ADJUSTABLE STEERING

To best accommodate the driver, the steering column can be tilted up or down – offering greater comfort.

REBOARDING STEP

A reboarding step makes it easy to climb back on board after a swim – then conveniently tucks away when not in use.

REMOTE TRANSMITTER

With the push of a button, a remote transmitter offers a simple way to safeguard the WaveRunner® against unauthorized startups or to regulate top speed for increased fuel efficiency.

impressive Forever altering the landscape of watercraft design, the VX Cruiser breaks down barriers between comfort, luxury and affordability, creating a class of watercraft that embraces all three. With sculpted lines, a generous Cruiser seat and the best fuel efficiency in the industry, the top-selling VX Cruiser transcends all preconceptions of affordable watercraft – offering a uniquely gratifying experience at a price that is equally satisfying.

VX CRUISER®

Starting at \$8,699

Price does not include prep, freight or tax.

CRUISER® SEAT

An innovative design that creates space between driver and passenger, Yamaha's exclusive Cruiser seat provides remarkable comfort and support for everyone onboard.

EXTENDED REAR PLATFORM

The extended rear platform offers additional space to sit back and enjoy the surroundings when moored. And with the addition of a new reboarding step, it's even easier to get in and out of the water.

STORAGE

A conveniently located glove box and nearly 18 gallons of storage provide space for the daily necessities.

REMOTE TRANSMITTER

The remote transmitter can be used to engage Low RPM Mode™ for increased fuel efficiency, or to set Security Mode to prevent unauthorized startups when the WaveRunner® is docked.

TOW HOOK

With the power of a reliable, four-stroke engine, a roomy extended seat and a tow hook, the VX Deluxe opens up even more opportunities for adventure on the water.

DASH INSTRUMENTATION

An ergonomic dash keeps the driver apprised of crucial information with easy-to-read digital gauges.

STORAGE

A glove box with built-in cupholders provides a place to store items – keeping them secure and dry.

REMOTE TRANSMITTER

Complete with controls for Low RPM Mode and Security Mode, the remote transmitter can be used to increase fuel efficiency on the water or to disable the ignition when the WaveRunner® is not in use.

VX[®] SPORT

Starting at \$7,899

Price does not include prep, freight or tax.

playful Sporty yet practical, the VX Sport shows off the dual aspects of its personality with a sturdy black hull, dynamic performance and outstanding dependability.

STORAGE

The VX Sport features nearly 18 gallons of storage to hold all of the day's gear.

VISIBILITY SPOUT

An unmistakable symbol of the Yamaha brand, the visibility spout makes the WaveRunner easy to locate on the water.

VX[®]

Starting at \$7,699

Price does not include prep, freight or tax.

trusted Affordable and reliable, the VX made it possible for recreational riders to become Yamaha owners – creating an entirely new generation of watercraft enthusiasts.

EXTENDED REAR PLATFORM

A signature of the VX line, an extended rear platform offers space to hang out or reboard the WaveRunner[®] after a swim.

NUMBER ONE CHOICE OF ALL RENTAL OPERATORS

#1 RENTAL CHOICE

Built on a proven reputation of reliability, the VX continues to be the number one choice among those who depend on their WaveRunners all day, every day.

SUPERJET[™]

Starting at \$7,199

Price does not include prep, freight or tax.

LEGENDARY Impossible to dethrone, the SuperJet continues its epic reign as the best selling stand-up in watercraft history. On and off the course, the SuperJet delivers an impeccable balance of complete freedom and ultimate control.

PERFORMANCE HULL

A wide, race-inspired hull design features built-in sponsons for better hook-up and remarkable stability when cornering.

FOOT TRAY

A foot tray with slip-resistant surface increases balance by offering the rider additional traction.
